BRUIN CAUSES EXCITEMENT.
Much excitement prevails in the Hudson district. Last Thursday evening a large black bear was bold enough to travel within a hundred yards of Mr. James Couch's house, and after firing three shots, Messrs. Couch and Brook gave chase. The bear took to heavy bush and the hunters lost sight of the game; however with much difficulty the chase continued but without any good result. As Mr. Kirk's children were going to school Friday morning they were badly frightened by seeing the bear very close to them by the roadside and again the hunters Couch and Brook took up arms and did their best to track the animal. Many traces were found, but after a whole day's hunt bruin remains at large and a menace to the children of the district.

BASEBALL.
Last night was an ideal evening for a baseball game, a calm clear evening with lots of light. The game, Strathcona vs. Edmonton, on the Edmonton Agricultural grounds, ended in favor of the former by a score of 6 to 3.

Edmonton team was a little late in getting to the grounds and some doubt was expressed as to whether nine innings could be played. It was agreed to play at least five innings, and if possible, seven. The game was easy, each side played everything in sight, Edmonton batted everything in sight, but were difficult in the field.

W. Ball, Edmonton's shortstop, made several very pretty catches. Edmonton's batters played their part well. Blain, for the visitors, did some excellent field work. At the end of the fifth innings, although there was plenty of light, the Strathcona team refused to continue the game, much to disgust of the home team and its supporters who had turned out in fair numbers. A series of errors in the second innings cost Edmonton the game. The scores by innings were:

Strathcona—4 0 1 0—6
Edmonton—1 1 0 0—3

The teams lined up as follows:

Strathcona Pitcher—Till
Catcher—

Radio—Atkinson
First Base—

Headale—Hamilton
Second Base—

Jackson—Magill
Stearns—Third Base—

Greenway—Inglis
Center Field—

Reeland—Bowers

NUMBER THE HOUSES.
Editor Bulletin.
Edmonton is beginning to feel the sore need of a system of door numbers. Visitors frequently remark about the difficulty of finding any of the business houses on Main street. And when they have once found a certain place they complain that it is about as hard to find it the second time. To us who are used to all the old landmarks this lack does not seem obvious, but it is to be remembered that visitors are going to advertise things as they find them and not as they read about them.

If the town council would pass an ordinance requiring all houses to be numbered and thus let one good turn deserve another, the real estate men might not make so strong a kick about their special tax.

WANT TO SEE EDMONTON.
The General Assembly of the Presbyterian church in Canada will be held in Vancouver, B. C., commencing on June 9th, next. The delegates from Ontario, Quebec and the Maritime provinces are going through to the coast in a special train. A side trip to Edmonton has been planned for Saturday, June 6th. They will spend ten hours here and the ladies of the Edmonton Presbyterian church are making arrangements for a reception for them. The Presbyterian contains the following paragraph in this connection: "The trip includes a side trip to Edmonton, 124 miles north from Calgary. Many have expressed a desire to see this district and arrangements have been made with the company to run the special train to Edmonton and return at the actual cost, which will not exceed \$200, and which, for 100 delegates, will be two dollars each extra. This side trip can only be taken advantage of by commissioners traveling on the special train. If, however, after leaving North Bay, a majority of the commissioners prefer, instead of going to Edmonton, to spend two days in the mountains, the side trip to Edmonton will be dispensed with."

VEGROVILLE

At present the surrounding country
for many miles is an eyecore to the
public. For the past month or six
weeks prairie fires have been springing
up in all parts of the country. The
fires during the last two weeks, which
have raged north and east of Vegro-
ville, have proved disastrous to many
of our new settlers. People have
been fighting the roaring flames day
and night in order to save their build-
ings where no one was on hand to pro-
tect their buildings the result is, today
they are in ashes. Owing to the long
winter and backward spring, hay has
been a very scarce article and the old
grass which covered the prairie, has
been almost invaluable to every man
who had cattle. What is our state of
affairs today? Hundreds and hundreds
of head of cattle are left without a
blade of grass and people are com-
pelled to drive their stock elsewhere. Set-
tlers who have roughed it all winter
getting out lumber and building logs,
return to settle down on their new
homes and to their sorrow, find their
buildings and their contents in ashes.
Why should this state of affairs ex-
ist? Our law is very strict in regard
to setting prairie fires, and the gov-
ernment is paying men to look after
such things. If a man shoots a prairie
chicken or a wild duck out of season
and the Mounted Police get onto it,
you may be sure they will be onto you
at once, but prairie fires have been
starting us in the face for some time
and we have yet to hear of the Mount-
ed Police making an example of any-
one. It is not necessary for every man
to run to the authorities telling his
losses for they ought to be able to see
that. Is every man who has set these
destructive fires to go to jail and
thus encourage such fires another
year? Or are our authorities going to
look into the matter and endeavor to
put a stop to it.

One who suffered the loss.

BEAVER LAKE EAST

Mr. Woodside, Presbyterian mission-
ary, preached here on the 10th, and
Rev. W. O. McNay on the 17th. Mr.
Woodside is to reside at Vegroville and
Mr. McNay here. They will look af-
ter Presbyterian interests east of the
lake.
A black bear was seen lately near
Mr. McAllister's. He was pretty wild,
and didn't wait to have a chat. Mr.
McAllister has some fine hogs which
Bruin would no doubt like to sample.
A strong northeast wind cleared the
ice from this end of the lake on the
16th.
Henry Hunter is running the ferry
on Beaver Creek. What is needed there
is a good bridge and the sooner the
better.
Yet more of the "beautiful" Mark
Tapley's optimism is needed badly these
days. Winter is certainly lingering in
the lap of spring this year. Well, if
"a bad beginning brings a good end-
ing" there will be full granaries next
fall.
Seeding will soon be over. The area
sown will be larger than last year.
May 22nd.

BEAVER HILLS

The infant child of Mr. Geo. Becker
died yesterday. Mr. and Mrs. Becker
have the sympathy of the community
in their affliction.
Beaver Hills was well represented at
the Presbyterian church opening at
Partridge Hill last Sunday.
Seeding is pretty well finished and
potato planting is now the order of the
day.
Quite a number of our farmers are
taking advantage of the high price of
pork and are rushing their pigs to
market.

Aid of the Methodist church, met at
Fort Saskatchewan on Wednesday.
Beaver Hills was represented by Mr.
and Mrs. R. Bare, Mrs. G. Doze and
Mrs. J. Bare.

merchants pay 32c per bushel for car-
lots of No. 1 white oat track here and

LIBERAL CONVENTION

The following report of the recent Liberal convention is taken from the Ponoka Herald.

"The first delegate Liberal convention of the North Central Alberta constituency was held at Ponoka Wednesday night of last week for the purpose of organizing the North Central Alberta Liberal Association. The meeting was characterized by a spirit of harmony throughout and everything passed off satisfactorily to all parties concerned. About twenty-five delegates were in attendance from the various local associations.

Leduc—J. H. Holden, R. Kirkpatrick, R. T. Telford.

Millet—J. Van Meter, E. Blades.

Wetaskiwin—A. S. Rosenroll, Geo. B. Henwood, A. R. Dickson.

Ponoka—R. W. McKinnell, C. D. Algar, E. Rhian.

Fairly Bank—W. J. Earl.

Anker—J. McIntyre.

Morningside—J. C. Bell, E. H. Mathias.

Lacombe—F. Vickerson, D. C. Gourlay, J. H. Rose.

Bentley—Major W. B. McKershon.

Blackfalds—W. Spurrell, F. D. Spurrell, W. G. Plowright.

Red Deer—W. Phillips, G. W. Smith, J. J. Gaer.

The meeting was called to order by the election of A. S. Rosenroll, M. L. A., as chairman and E. Rhian as secretary. The chairman called R. W. McKinnell, president of the local association, to explain the object of the meeting and asked for any correspondence that had passed from F. Oliver, M. P., regarding the boundaries of the new constituency. A letter dated May 11th was read which stated that according to his information this constituency would extend from near Bowden to the township line a few miles north of Leduc. The letter also conveyed the information of the recent illness of our worthy member which had caused his detention in the hospital and his absence from his duties in the House for several days. The following resolution was then submitted and unanimously adopted:

"Resolved that this association has heard with profound regret of the recent illness of our esteemed representative, Frank Oliver, M. P., and take this opportunity of expressing our deep interest and very warm regard, and also of conveying this assurance of our appreciation of the ability and fidelity he has ever shown in advocating the cause of this Great West as well as the untiring attention and activity he has given to our welfare at the present session of parliament. In return we pledge him our loyal support and devotion."

The question of organization of a North Central Alberta Liberal Association was next discussed. A telegram was read from the secretary of the Strathcona association stating that they expected to have matters rearranged so that they would be placed in this constituency and asking that this meeting make no permanent organization. After considerable discussion it was voted that the meeting proceed with organization.

The meeting then resolved itself into a committee of the whole for the purpose of drafting a constitution, which resulted in the adoption of the following constitution:

I. NAME.

This association shall be known as the North Central Alberta Liberal Association and shall consist of all members of the Liberal party in the North Central Alberta constituency.

II. OFFICERS.

The officers of the association shall consist of a president, two vice-presidents and a secretary-treasurer, elected by this convention, and an executive committee to consist of these officers and the presidents of all local Liberal organizations. Vacancies in any of these offices shall be filled by the remaining members of the executive committee until the next general meeting of the association.

III. NOTIFICATION.

The secretary shall as soon as possible send a copy of this constitution to the president of each local association.

IV. CONVENTION.

A portion of the ROWLAND ESTATE, otherwise known as "THE SYNDICATE."

Plans and Prices can be seen at the Office on and after the date mentioned.

This is the closest and best property available, and the choicest in and about Edmonton. The furthest part is from 10 to 15 minutes from the post office. The property is eminently the people's portion: is not controlled by a policy of inertia dictated by "Hebraic Hatred." The surveys conform to existing ones, and the streets will be projected to their legitimate confines. Building Sites on the verge of the hill overlooking the mighty Saskatchewan, the foliage and verdure of whose banks is not exceeded by the fiercest tropics or softest Pacific scenes, abound. Prices will be uniform and moderate, tempered as a corrective of the present indefinite craze.

TERMS.—One third Cash. Balance 6 and 12 months, interest 8 per cent. Agreements \$2 each, transfers free.

VICTORIA DAY SHOOT

The all-day practice arranged for the 25th inst. was well patronized in spite of the counter attraction of the Gun club's shoot, several of the members of the association being also members of the Gun club.

The weather was fine and bright in the morning, and held so up to the longer ranges when it became cloudy and dull.

The 200, 300, 500, 600, and 700 yard ranges were used. The 700, a very unusual range, being used as the 800 yard target was not in order. As the bullseye of the latter is thirty-six inches, while that of the 600 yard range, which was used for the 700 yard range, is only twenty inches, it will readily be seen that this was a much more difficult range to negotiate than the 800; added to which the 800 yard target being on the slope of the hill, while the 600 yards on the level, those shooting from the mound could only see the upper half of the target and several of the members shot from the top of an adjoining woodpile. The scores at this range were, therefore, made under exceptional difficulties for which, we trust, due allowance will be made.

The boys' brigade turned out well and some of these are improving, although the service rifle is too heavy for their use. We hope to organize a cadet corps in the near future, which may be more suitably equipped.

As a number of members only reached the range in the afternoon and thus missed the 200 and 300 yard ranges, we only append the scores of those who completed the five ranges.

Seven shots at each range, possible score 175.
When several of the members procured removers, fore-sight devices and the further equipment necessary for fine shooting, we expect to see the top scores attain a greater percentage of the "possible," the above being made with plain military sights, without special adjustment, which means that allowance has to be made on the target for drift, windage, etc. fine shooting under such conditions being practically impossible.

SADDLE LAKE SCHOOL

Reports have been received at Saddle Lake, to the effect that the government intends closing the Indian school there, owing to the comparatively

small number of Indian children in attendance. There are, however, ten English children in attendance and many of these people think it too bad that the school should be closed and thus deprive the English-speaking children of school facilities. It has been impossible to get any considerable number of Indian children to attend the school regularly. The Saddle Lake authorities say that there is no provision made in the ordinance for the operation of a public school on a reserve.
